FROM THE PRESIDENT'S DESK.

20.04.2021.

Dear Member,

Greetings for Bengali New Year. I hope the New Year has started well for all of you although we are facing difficult times. Just when things were getting better we have now been hit with a second wave of Covid -19 with greater force.

We have been following all the required protocols as per the Govt notifications and whenever cases have been detected appropriate action has been taken with immediate sanitization of the whole club.

A successful Cricket and Hockey season has just ended before the beginning of the second wave for which we are very fortunate. The Swimming Pool and the inside Chivas bar still remains shut for the continued safety of all our members. Music on Wednesday and Saturday nights have been stopped till further notice to avoid unnecessary gathering and guest entry has been restricted to only 2 per member.

I am writing to you as I feel that all of us have let our guard down and I earnestly appeal to all members to please follow all the strict protocols in place while entering the club. Masks are to be worn at all times except while drinking/eating and running. Please note that members must wear the masks at all times while walking in the morning and evening for the safety of other fellow members.

For the benefit of our members we have introduced Home Delivery from the upstairs restaurant (Don Giovanni).

Vaccination drive is in process and from 1st May the Govt has allowed vaccination for all over 18 years of age. I am sure most of the senior members over 60 have had the chance to vaccinate themselves by now.

AMRI hospital has agreed to arrange the vaccination at the club premises for our members and their family and I will inform you once the protocols and arrangements are finalised by them.

Members are requested to please be responsible and if you feel any symptoms you are requested not to come to the club till you do a Covid Test for the safety of other members. The Staff have also been tested periodically and in the process of being tested again soon as a precautionary measure. We endured the first wave and am sure we will pass this phase too.

I will update you if there is any change in the Govt protocols or any restrictions in facilities /services declared by the Health Ministry.

In the meantime, I request all my fellow members to be cautious and safe and ensure that you get vaccinated as soon as possible.

Regards,

Dinyar Mucadum
President
